Gabrielle Flanagan
ACCOUNTABLE HOME CARE

Dear Gabrielle:

I want to personally thank you and your team for helping me during the recovery period from my medical emergency. As the owner and president of a design firm with active projects in several states, it was critical that I get into my office.

Since I was unable to drive, your team acted as my chauffeur, taking me to my doctor's appointments, picking up my prescriptions at the pharmacy, shopping at the grocery. After preparing my dinner, they would clean-up, do the dishes, do light housekeeping, watering the indoor plants and laundry. Basically, things that needed to get done – and I was unable to do at the time. Grateful that you were able to respond to my needs quickly, with short notice.

Feel free to use me as a reference – I will be glad to do it.

Sincerely,

Antonio Colosimo
President
